

# Gorilla Safety DOT Inspection Card

The Constitution Risk Management ELD is compliant with Federal Motor Carrier Safety Regulation 49 CFR part 395.22 regarding the automatic on-board recording devices. The Constitution Risk Management ELD including the mobile app, connection and web dashboard must be used as instructed by the Constitution Risk Management ELD In-Cab Instruction Guide.

### How to **VIEW LOGS**

**1** Tap Here to enter 'Roadside inspection' mode.

A hand is shown tapping the 'ROADSIDE INSPECTION' button on a smartphone screen. The screen displays 'OFF Duty' with a timer at '0:00' and '100% left'. The top of the screen shows the 'Command Alkon' logo and navigation options like 'On Duty', 'Off Duty', 'In Vehicle', and 'Support'.

### How to **REVIEW LOGS**

**2** Tap Here to View Current Logs and Previous 7 Day's

**3** Choose a Date

**4** Pinch to Zoom

Three smartphone screens illustrate the steps. The first shows a hand tapping a menu option. The second shows a date selection screen. The third shows a hand pinching the screen to zoom in on a log entry.

### How to **SEND AND EMAIL LOGS**

**5** Tap Here to enter 'Roadside inspection' mode.

**6** Tap Here to View Current Logs and Previous 7 Day's

Two smartphone screens illustrate the steps. The first shows a hand tapping the 'ROADSIDE INSPECTION' button. The second shows a hand tapping the 'SEND LOGS' option in the menu.

### How to **EMAIL LOGS**

**7** Enter Officer Routing Code

Tap Send. Logs will be sent via Web Services and through encrypted email.

A smartphone screen shows the 'Send Logs' interface. It has a text input field for the 'OFFICER CODE' and a blue 'Send' button. A hand is shown entering a code into the field.
